Receipt is acknowledged of the Amendment filed November 30, 2005.

Reasons for Allowance

Claims 2-10, and 12-20 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: the best prior art of record, applicant's admitted prior art, taken alone or in combination of other references, does not teach or fairly suggest a method or a system comprising, among other things, that when the select signal controls the multiplexer to select the logic circuit output signal as the multiplexer output signal, the first circuit operates in a first mode, and when the select signal controls the multiplexer to deselect the logic circuit output signal as the multiplexer output signal, the first circuit operates in a second mode wherein the second mode comprises a power-saving mode (claim 2); and operating the first logic circuit in a first mode when the first logic circuit is selected by the multiplexer and operating the first logic circuit in a second mode when the first logic circuit is deselected by the multiplexers wherein the operation of the first logic circuit is different in the first and second modes wherein the second mode comprises a power-saving mode (claim 12), as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
